## REGARDED AS SETTLED

Is the Unpleasant Dupuy de Lome Incident.

## SPAIN'S ANSWER AWAITED.

The Indiscreet Minister's Resignation Has Been Accepted and a Graceful Disclaimer Is Expected From Spain.

Washington, Feb. 12.—The personal incident growing out of the publication of Senor Dupuy de Lome's letter to Senor Canalejas may be regarded as settled.

This has been brought about by the short cablegram sent by Minister Woodford from Madrid, in which he states that the minister has resigned and his resignation had been accepted before he (Mr. Woodford) presented the request of the United States that he be recalled.

The officials here feel an interest in learning the details of the happenings in Madrid and are waiting for Mr. Woodford's promised full report.

But, unless this should contain some statement that is not now expected, there is no disposition on the part of the government to protract the unpleasant incident.

If a graceful disclaimer should come, that will be taken in the spirit in which it is made, and the matter will be dropped, and the relations between the state department and the Spanish legation will run smoothly once more through the medium of Senor Bosc, the now charge d'affaires.

It can be said of the president that he shows little personal concern in the matter as it stands, and is not disposed to pursue Mr. De Lome in any personal spirit, and with this spirit in the head of an administration the end of the affair may be said to have been reached.

### Sherman Was Ignored.

Washington, Feb. 12.—One of the features of the De Lome case is causing nearly as much comment as the episode itself. It is the manner in which Secretary of State Sherman was kept in ignorance of the steps taken by the administration, and from official knowledge of the affair. The venerable secretary has sat in his private office while the important work of the department was transacted by Judge Day without even consulting his chief. All of the presidential conferences were with Judge Day, and it was stated by an attaché of the state department that more information was imparted to the newspapers than to Sherman.

### In the Senate.

Washington, Feb. 12.—Consideration of the Indian appropriation bill was resumed by the senate, and, after being amended to some extent, the measure was passed. The most important amendment to the bill was that offered by Mr. Pettigrew (S. D.), which, if finally enacted, will restore the free homestead law so far as it relates to Indian lands ceded to the United States, for which lands the settlers have been obliged to pay the purchase price paid to the Indians. The bill carries appropriations aggregating nearly \$8,000,000. The senate decided to adjourn until Monday.

### Serious State of Affairs.

A subpoena has been mailed to Senator Hanna, and one will be served on Hon. Harry Daugherty, but the committee has entertained no thought of securing the presence of C. C. Shayne, the statement he made in the public prints satisfying them.

The committee intends to recall the superintendents of the telegraph companies here, and Mr. Ross of the telephone company. If they refuse, contempt proceedings are promised.

In connection with the committee's pursuit of bribery knowledge, it is announced that Mayor McKisson has mailed his protest and articles of contest against the setting of Mr. Hanna to Washington.

The trust investigators will resume their inquiry also on Monday night.

Our exports of wheat to Europe for 1897 amounted to more than half of the world's total shipments. They were, including flour, over 180,000,000 bushels. Our cousins across the water couldn't get along very well without our grain.

THE Bricklayers' Journal commenting on the claim of some newspapers that we ought to annex the Hawaiian Islands because Americans have thirty million dollars invested there, remarks, "If that is good logic, the United States ought to be annexed to England because the British have over fifteen billion dollars invested here."

MR. W. S. HARRERT, of Chicago, presents a novel suggestion as to the possibility of obtaining a national basis of compromise between the advocates of the gold standard and the white metal. The plan calls for a circulating medium consisting of coin certificates payable half in gold and half in silver—a \$2 certificate, for example, to be redeemed by \$1 in gold coin and \$1 in silver coin. If the relative value of one metal should diminish the value of the other, according to Mr. Harbert, would relatively increase, and the value of the certificates, payable in both metals jointly, would be substantially unaffected. Of course this wouldn't satisfy the goldbugs. Nothing is good enough for them but the yellow metal.

## SPIRIT MESSAGE

From the Late George M. Pullman Makes Strange Admissions.

[Medina (N. Y.) Spec. Philadelphia Press.]

The spirit message from the late George M. Pullman which a well-known Medina man, an old acquaintance of Pullman, claims to have received is quite a sensational document. The letter says in part: "I am unable to assert that the change called death does not lead every one into a condition of happiness. That seems to be a latter attainment. With me the books were opened at once, and what I became apprised of in regard to my past and present requirements does not place me in the most enviable light. My true character appears, and the sight is not cheering.

"I had meant to be just and considerate and to deal fairly by all men, the workingman in especial. I desired to be an example for others, but I see myself now as a selfish withholder of rights and means for the number whose share should have been equal with mine. Loads of responsibility rest on me that may not be shaken off without great effort on my part toward removing the stains of my past career."

JAMES HENDERSON, claiming Pittsburg as his home, was arrested by Constable Dawson in the Fifth ward Friday afternoon while trying to dispose of two new hats. A C. and O. freight car that arrived in the forenoon from the East with a shipment of hats for Hechinger & Co. had been broken open and two hats were missing. Henderson was charged with the offense of breaking the car, and will have a hearing Monday at 8:30 a. m. before Squire Grant. He is a rather genteel looking young man.

LUTE JONES and John Jones were before Squire Grant Friday charged with breaking into an outbuilding at Mr. William Baldwin's on Jersey Ridge and stealing some tools. John was discharged, but Lute's case was sent before the grand jury.

## Marvelous Results.

From a letter written by Rev. J. E. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

## HOMES FOR DELEGATES.

List of Citizens Who Will Entertain Visitors During the Coming Convention—Y. M. C. A. News.

The local Convention Committee have been busy during the past few days canvassing the city to secure homes for those who will come to Maysville next week, from Thursday to Sunday inclusive, as delegates to the seventeenth annual State convention of the Kentucky Young Men's Christian Associations. The committee have met with a hearty and generous response in most instances and thus far have obtained accommodations for about 110 delegates. At least 150 are expected, however, and as only one or two days remain in which to complete the canvas, it is therefore most earnestly hoped that many others will arrange to entertain delegates at their homes, or provide for their entertainment at hotel or boarding house and that they will notify the committee to this effect. Surely the Maysville people will extend a hearty welcome and provide ample accommodations for the bright, energetic and representative young men who come into our midst to attend this gathering and to bring good cheer and inspiration.

Several will speak briefly as to how we may aid in making the convention in our city most successful, and as it is also the day of prayer for the colleges of our land, some portion of the service will be devoted also to this cause. Every member and interested male citizen invited to be present.

## WITH WINCHESTERS.

Sheriff Hook, of Bracken, Has Guards Protecting Tollgates From Raiders.

AUGUSTA, Ky., Feb. 10.—Much excitement prevailed here this morning upon the arrival of a shipment of Winchester rifles from the arsenal at Frankfort. The arms were sent at the request of Sheriff Hook, who got them for the purpose of arming guards to protect the tollgates from further destruction at the hands of raiders.

The stockholders of the Augusta and Brooksville pike petitioned the County Judge to grant them guards, and that official ordered the Sheriff to summon five guards for each of the two gates on the road.

The Sheriff had trouble in procuring the necessary number of guards, as the position is one of peril. At a late hour the oath was administered to the guards, and with bayonets glistening they left for what many believe will be the scene of a bloody battle ere long. The streets were crowded with people, who viewed with feeling of awe the little band of men who are supposed to cope with the hundreds of tollgate raiders in this county.

Many believe a crisis is near at hand, and that the putting of the guards at the gates will but augment the trouble, as the raiders will take it as a challenge.

It is rumored here to-night that ten different turnpike companies in the county have asked for guards, and if such is the case the county will have a good sized army to burden taxpayers.

The raiders have been quiet for the past week, but it is the general belief that it is only the calm before the storm.

BROWN, a fake descriptive writer of business and professional men, was arrested at Shelbyville on a charge of obtaining money under false pretenses, and was held to appear at the next term of the Circuit Court. He claimed to represent the Henry County Local. His bail was fixed at \$500. He is the same man who has operated recently at Lawrenceburg, Winchester, Richmond, Paris, Cynthiana and other places.

Warm appreciation of the earnest and faithful efforts of the Women's Committee in connection especially with their recent Grecian art entertainment, and their cash gift to the association, was shown by the directors of the association at their regular meeting last evening, when a unanimous vote of thanks was extended to the ladies.

The directors also voted to extend their sincere and hearty thanks to all firemen and other citizens who rendered assistance on occasion of the recent fire in the rooms.

THE Sardinia (O.) correspondent of the Georgetown News-Democrat says: "Mr. E. W. Parker and Miss Mamie Pollock, members of the Alice Bynoe Company, were married here last Thursday night upon the stage after the performance, Justice Kennedy performing the ceremony. Our orchestra furnished the music for the occasion. When all was ready the wedding march by the orchestra brought the whole company on the stage, followed by Justice Kennedy, who in a most impressive manner spoke the words that joined these two in the holy bonds of wedlock. After congratulations from the company and outside friends the floor was cleared and all tripped the light fantastic until the wee small hours." The bride's home is at Germantown.

## SARDIS.

For some time past Cupid's darts well sharpened have been flying thick and last between Miss Beatrice Grover and Mr. Adrian Sult.

On the 9th of February, 1898, at high noon, a practical evidence was given that Cupid had well aimed, when at the residence of the bride's father, near Sardis, they were led to "Hymen's altar" and there had the nuptial knot very carefully tied by the sexton. In company with Miss Emma Grover, sister of bride, and Mr. A. J. Sult, they went to Cincinnati where they will spend a few days. The first of March they will go to house-keeping in the elegant "Long View" home of the groom. As tokens of friendship the following partial list of presents speak:

Mr. and Mrs. H. L. Wilson, grandparents of groom, parlor suite, Brussels carpet for parlor, bed room set, cooking stove, embroidered quilts. Miss Ella B. Sult, sister of groom, bed room set, pair lace curtains, set silver spoons.

### IN SOCIAL CIRCLES.

The German Given by Maysville Assembly One of the Most Enjoyable Events of the Season.

It would have been quite the thing for old Neptune to have sent his shell around to convey the guests to his hall last evening. But in spite of the down-pour there was a large attendance at the german given by Maysville Assembly, and everything "went merry as a marriage bell."

Mrs. Hiram Chenoweth dispensed the favors. The german was led most skillfully by Mr. Stanley Watson, with Miss Mae Burgess, the latter looking bewildering in pale pink organdie over satin. Some of the other couples taking part were:

Mr. Ben Cox—Miss Boyd: pink chiffon over satin.

Mr. Asa Burgess—Miss Florence Wadsworth: white chiffon over satin.

Mr. Dulin Moss—Miss Suzanne Hall: pale green brocade, violets.

Mr. Hall Strode—Miss Lida Rogers: white chiffon over satin.

## A Warning to Money-Savers!

Our one-third-off-the-regular-price sale will positively close on the 15th of this month. To date this sale has proven the greatest we ever inaugurated. It is true that many of our finest garments were sold at actually less than cost. We have the proud satisfaction of knowing that the public believes in our newspaper statements.

It would be to our interest to stop our one-third-off sale now, as we were relieved of an enormous quantity of merchandize in the past ten days, but we said the sale will continue until the 15th of February, and we always do what we say we will. It will be your loss, not ours, if you do not avail yourself of the opportunity to buy the best of Clothing for less money than you buy the ordinary goods elsewhere.

## Purchase Extraordinary....

# PRACTICE WHAT THEY PREACH.

Leading Clergymen of Every Denomination Use and Advise Paine's Celery Compound.

Like Goldsmith's parson who  
Tried each art, reprieved each dull delay,  
Allured to brighter worlds and led the way,  
great preachers throughout the country  
have been the most untiring and earnest  
in telling the truth about Paine's Celery  
Compound, in urging sick people to use  
it, and at the same time they themselves  
have employed the great remedy in their  
own homes with results that have steadily  
kept up their faith in its health-giving  
powers.

It is significant that Paine's Celery  
Compound stands alone as the one remedy  
that is freely used in the homes not  
only of clergymen, but of all liberally as  
well as professionally educated men;  
physicians, lawyers, school teachers and  
others, while every other remedy pur-  
porting to accomplish equal results, is  
promptly shown the door.

No class of men have the public good  
so disinterestedly at heart as clergymen;  
none others see so intimately the affairs  
of so many homes. It is their business  
to know the sad side, sorrows and suffer-  
ings. As confidant, confessor and com-  
forter they learn the truth as even the  
physician often fails to do.

And clergymen recommend Paine's  
Celery Compound wherever they enter a  
home where some member needs a gen-  
eral building up of the body, a purifying

of the blood and a strengthening of tired  
nerves.

Another great preacher, the Rev. S.  
Domer, pastor of St. Paul's English Lu-  
theran Church, Washington, D. C., says:  
Washington, D. C., May 15, 1897.  
Wells, Richardson & Co.—Gentlemen:  
Have taken Paine's Celery Compound as  
a tonic, and am pleased to certify that so  
far as I have been able to test it I have  
found it quite satisfactory. Yours very  
truly,  
S. DOMER,  
St. Paul's Eng. Luth. Church.

It cannot be repeated too often that the  
stomach is the fountain which supplies  
every part of the body. If the stomach  
is sick, the brain, heart, liver, bowels and  
kidneys are all sick. The trouble may  
all be felt in one spot; it may be in the  
stomach itself, or it may be in the brain,  
or in a rheumatic muscle. It will be felt  
in the weakest place. Paine's Celery  
Compound is fully competent to correct  
all such disordered conditions of the  
stomach, and to restore a healthy, hearty  
tone that will enable it to meet every de-  
mand made upon it by hard-worked  
brain, heart and nerves.

A dyspeptic stomach can not furnish  
sweet, healthy chyme, as the digested  
food is called, but acids and poisonous  
gases, and the brain and nerves thus get  
poison instead of food. It is not food

swallowed, but food well digested that  
produces flesh and blood. Paine's Celery  
Compound disposes the body to take on  
flesh. It makes the breath sweeter, the  
strength more enduring, the body plump-  
er and the spirits better.

Dyspeptics and nervous, sickly per-  
sons, whose whole lives are a failure, both  
as to enjoyment and usefulness, ought to  
learn how closely their debility, aches  
and pains depend on their general run-  
down condition, and that the sensible,  
lasting cure can only come from building  
up their general health and constitution.  
This is the grand mission of Paine's Cel-  
ery Compound. It cures neuralgia, rheu-  
matism, stomach troubles, blood diseases  
and headaches by this enlightened, broad  
treatment. Pure blood and plenty of it,  
quiet, satisfactorily fed nerves and a con-  
dition of the brain that makes sound,  
sweet sleep a safe-guard against all ner-  
vous troubles come when Paine's Celery  
Compound is used.

If you are "played out," to use a for-  
cible street phrase, can't digest, can't work  
and have lost courage, Paine's Celery  
Compound will show itself to be the best  
friend you ever had. It will enable you to  
forget your stomach, and will do for you  
what it has done for so many others—  
make you again a healthy, active man or  
woman.

## A Great Book Free!

When Dr. R. V. Pierce, of Buffalo, N. Y., pub-  
lished the first edition of his great work, The Com-  
mon Sense Medical Adviser, he announced that  
after 600,000 copies had been sold at the regular  
price, \$1.50 per copy, the profit on which would  
repay him for the great amount of labor and  
money expended in producing it, he would dis-  
tribute the next half million free. As this num-  
ber of copies has already been sold, he is now  
giving away, absolutely free, 500,000 copies of  
this most complete, interesting and valuable  
common sense medical work ever published—  
the recipient only being required to mail to him,  
at above address, twenty-one (21) one-cent stamps  
to cover cost of mailing only, and the book will  
be sent post-paid. It is a veritable medical li-  
brary, complete in one volume. Contains 1008  
pages, profusely illustrated. The Free Edition is  
precisely the same as that sold at \$1.50 except  
only that the books are in strong manilla paper  
covers instead of cloth. Send now before all are  
given away.

## DUN'S REVIEW

Says Trade For the Week Was Larger  
Than Ever Before.

New York, Feb. 12.—R. G. Dun &  
Company's weekly review of trade says  
business is pushing toward spring ac-  
tivity rather early. Events which have  
controlled are good buying of iron by  
the largest makers, the rise in cotton,  
with strength in goods, the great rail-  
way consolidation and the Cuban in-  
surrection.

Business shown by bank clearings is  
again larger than ever before—54.7 per  
cent larger than last year for the week,  
and for the month to date 44.3 per cent  
larger than last year and 16 per cent  
larger than in 1892.

Failures for the week have been 295  
in the United States, against 267 last  
year, and 43 in Canada, against 61 last  
year.

## Only Temporary Relief.

Springfield, Ills., Feb. 12.—Governor  
Tanner, in a proclamation requesting  
contributions to the relief fund au-  
thorized by President McKinley, says:  
"While I approve and second the ac-  
tion of the president, it is deeply im-  
pressed upon my mind that measures  
of temporary relief are but palliative  
in their nature, and that while their  
effect is partly good, it is also partly

injurious and deplorable. What is  
demanded at our hands, in my judg-  
ment, is prevention, which can be se-  
cured only by using all the influence  
and power of the government to put  
an end to the civil war in Cuba."

## Sheriff and Posse Captured.

Little Rock, Feb. 12.—A courier  
reached here from Hiram, the scene of  
the moonshine uprising in Cleburne  
county, bringing information of the  
capture of Sheriff P. K. Robinson and  
his posse of 21 deputies in a ravine  
seven miles from there by friends of  
Henry Brown, John Moody, John Phil-  
lips, Alex. Carter and Hugh Shook.

## Not So Threatening as Supposed.

Berlin, Feb. 12.—In the reichstag  
Dr. Barth said that the fact that  
Germany abstained from reprisals  
for American treatment of Ger-  
man sugar ought not to be overlooked  
by the United States. At the same time,  
he added, the danger from the San  
Jose louse was not so threatening as at  
first assumed.

## Treasurer Restrained.

Tacoma, Feb. 12.—Justice Sanford of  
the United States court has granted  
an injunction restraining the treasurer  
of Lewis county from selling Northern  
Pacific railway lands for delinquent  
taxes of 1891.

## COMMITTEE'S APPEAL.

Maysville Property Owners Asked to Aid  
Washington Fire Company—Sub-  
scriptions to Date.

The following is self-explanatory:  
To the Property Owners and Citizens of Maysville:  
On Sunday morning, January 30th, the Wash-  
ington Fire Company lost by fire their home, to-  
gether with the opera house upon which they  
depended for their support and upon which our  
citizens depended for all amusement hall. In  
the destruction of the building there went up in  
smoke and flame the hard earnings of the com-  
pany, covering a period of forty-eight years and  
amounting to over \$12,000. They are now with-  
out shelter and without a single dollar—nothing  
left save their honor. The firemen of our city  
have always been faithful to duty in saving your  
property, and upon many occasions have saved  
our city from total destruction. It is now pro-  
posed, and due them, to rebuild their home, and  
for this purpose a subscription has been started  
and a liberal amount secured. Will you be one  
to assist in this effort by a subscription? Re-  
spectfully,

THOMAS A. DAVIS,  
ALFRED CALHOUN,  
J. D. DYE,  
WM. H. COX,  
HORACE J. COCHRAN.

Every property owner in the city is di-  
rectly interested in this matter, and a  
liberal response to this appeal will en-  
able the company to begin the work of re-  
building as soon as spring opens.

If you have not subscribed and desire  
to do so, send your name either to the  
BULLETIN or to any of the above com-  
mittee, stating amount.
